

FO-DCS MTP front panels, 3U/7HP

for FO-DCS modular subracks / panels

with 2, 4 oder 8 MTP adapters

FO-DCS-MTP front panels, 3U/7HP, black

Description

Polycarbonate (PC) or aluminium front panels, 3U/7HP.

The PC front plates provide labelling strips on both sides of the MTP ports for customer-specific printing.

Fixed with two knurled screws (captive).

Each MTP adapter (Type A: key-up/key-down) is fitted with two dust caps (front/rear).

Application

FO-DCS 3U/7HP MTP® front panels are suitable for all high-performance applications with duplex and parallel optic signals, e.g. 40/100 GbE, particularly in the data centre environment.

The front panels are used in FO-DCS modular panels (19"/1HE) or FO-DCS subracks (19"/3U, 19"/4U).

They are designed to accept pre-assembled MTP trunk cables, MTP patch cables or MTP fanout cables.

General Properties

Acceptance capacity	2, 4 or 8 MTP ports
Fully equipped	Yes

Scope of delivery

Front panel equipped with 2, 4 or 8 MTP adapters (Type A: key-up/key-down) and two dust caps per adapter.

Note

We recommend Datwyler's high-performance FO-DCS MTP-LCD fanout cables and FO-DCS MTP-MTP patch cables to connect the transceivers.

Versions

Material number	Product	Outer dimensions	Colour	Material	Weight [kg]	Packing unit
571550	FO-DCS front panel, 2x MTP, 3U/7HP	3 U129 mm x 35 mm x 2 mm	black	Polycarbonate (PC)	0.04 kg	1 pc.
571551	FO-DCS front panel, 2x MTP, 3U/7HP	3 U129 mm x 35 mm x 2 mm	black	Polycarbonate (PC)	0.1 kg	1 pc.
